

Department has 22 Govt. Garden and Nurseries located in all the agroclimatic conditions in the State. These nurseries have mother block of all the major varieties taken under NHM. The production plan taken for the year 2014-15 can be seen in the table below. The State is self-sufficient in the planting material of mango, sapota, however, the material is purchased from the outside sources in case of Citrus – kinnow. The source of kinnow is Govt. and private registered nurseries located in Punjab and Rajasthan. Department has made its own efforts to meetout future demand and under Indo-Israel Project special focus has been given especially on production of quality planting material of kinnow.

Department of Horticulture, Haryana has 22 Govt. Garden and Nurseries and out of this 13 nurseries has been accredited and 19 nurseries under private sector under which 7 have been accredited. Under public sector there are three more nurseries one at CCS HAU, one at Centre State Farm, Hisar and one at KVK, Ambala (private), the first two are accredited. In the accredited nurseries the sufficient planting material is available and details is as under:

SUB PLAN PLANTING MATERIAL

SUMMARY						
Sr. No.	Crop	2014-15		Balance		Source
		Plants Required	Actual Available	Excess	Shortfall	
1	Mango	37300	46400	9100	-	Accredited Haryana Govt. nurseries.
