Details of Two Models proposed for promotion and development of beekeeping in the field under National Beekeeping & Honey Mission (NBHM) /Scheme, are as under:-

(a) **Model I**: Under this model, farmers/beekeepers who are interested in adopting scientific beekeeping, as an entrepreneur, may be encouraged for practicing scientific beekeeping with technically feasible and economically viable unit, i.e. **at least 50 honey bee colonies**, each of 10 frames in beehives with supers, etc. and other beekeeping equipments or its multiplication **up to 200 honey bee colonies with beehives**, **supers**, **etc.** This will serve the purpose of pollination support to the crops grown by the farmers/ beekeepers and become a viable small entrepreneur/beekeeper; and

(b) **Model II** : Under this model, the youth/farmers/beekeepers who are very much interested to develop/ become as a big entrepreneurs for providing custom hiring services to the farmers who are not able/ interested in adoption of beekeeping but need pollination support for their crops will be promoted. Therefore, under this model, the support to develop **custom hiring centres** will be provided for developing a full fledged operational units for beekeeping. These custom hiring centres may be supported for maintaining up to 1000 honey bee colonies along with support for developing other requisite infrastructural facilities. Under Model II, the cropwise details of hiring charges for bee colonies per hectare & per season for the crops of oilseeds, pulses, horticultural crops, etc., have also been worked out by NBB and approved under National Food & Security Mission (NFSM) and National Mission for Oilseeds & Oil Palm Development (NMOOP), DAC&FW.

The crop-wise details of assistance approved under these schemes are given as under:-

S.N.	Scheme	Сгор	Rate of Assistance approved
1.	NFSM	pigeon pea growing major 11 States	Rs. 3000/- per ha.
2.	NMOOP	Rapeseed-mustard	Rs.2,000/- per ha.
		Sunflower	Rs.2,000/- per ha.
		Niger	Rs.2,000/- per ha.
